**Paul Temporal : Branding for the Public Sector: Creating, Building and Managing Brands People Will Value** before purchasing it in order to gage whether or not it would be worth my time, and all praised Branding for the Public Sector: Creating, Building and Managing Brands People Will Value:

How to apply for-profit marketing strategies to non-profit organizations Branding for the Public Sector presents powerful and effective branding strategies for the public sector illustrated through case studies and examples. The book covers branding architecture, brand vision, market research, brand perception, engagement, communication, managing brand change and much more. Additionally, the book highlights the future of public sector branding and how organizations in the public sector may be a key driver of economic growth and prosperity through the twenty-first century. Branding for the Public Sector offers expert guidance for managers and leaders who want to build powerful, influential brands in the public sector. Presents strategies and actions for building a powerful, memorable public sector brand Explains why the public sector will be the next huge growth sector in branding Explores the competencies needed to successfully manage a public sector brand

From the Inside Flap "Defining our brand strategy was an essential prerequisite in promoting the UK as an innovative country. Setting out a clear proposition helped us to ensure that our activities were targeted at the right audiences in the right way. Paul Temporal helped greatly in this process which has resulted in tremendous gains in terms of stronger business relationships and international collaborations." —UK Foreign and Commonwealth Office "The public sector and branding are sometimes uneasy bedfellows, but when they work together at their best they create a win-win for citizens, investors and visitors. Dr Paul Temporal's book will become a classic exposition of the opportunity." —Miles Young, Worldwide Chairman and CEO of Ogilvy Mather

From the Back Cover **POWERFUL BRAND STRATEGIES FOR THE PUBLIC SECTOR** The importance of branding in the public sector is immense. Faced with the breakdown of markets, increased globalization, coupled with challenges in securing talent, trade, investment, tourism, government support and a competitive edge, the only path to differentiation for any public sector organization is through having a powerful brand strategy. Covering branding architecture, brand vision, market research, brand perception, engagement, communication, and more, Branding for the Public Sector presents effective strategies and actions for building and maintaining a memorable and sustainable public sector brand. This clear and concise guide will help you get to grips with the trends in public sector branding and build a future that all stakeholders will buy into. Leaders in the public sector will be key drivers of economic growth in coming decades—if they can develop the competencies needed to perfect their brand identity and image Branding for the Public Sector will help you position your organization to be part of this growth and ensure the development of a successful and engaging brand. "I have been waiting for an expert to write a branding book for the public sector. Paul Temporal has delivered and his book tells public sector agencies how to better communicate who they are and what they stand for." —Philip Kotler, co-author, Marketing in the Public Sector
