**Gene Ahner : Business Ethics: Making a Life, Not Just a Living** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Business Ethics: Making a Life, Not Just a Living:

0 of 0 people found the following review helpful. Don't buy the ebookBy ALICIA THORNTONThe ebook is terrible! It's a struggle to follow along in class and to navigate through the book because there are no page numbers. The page length varies on the text size you choose.0 of 0 people found the following review helpful. Great book for re-focus on the jobBy GingerI read this book at a point where I was frustrated with my career after 17 years in my industry. This book helped me to refocus and encouraged me in my work. I found the book easy to read. There were questions and

points for discussion for use in a class environment. For me it was a leisure read and it was really great. If you like this book, then I'd recommend sermons by Barbara Brown Taylor - another author who can help me stay focused on what matters. 0 of 0 people found the following review helpful. Four Stars By Greg Great read.

Addresses students and those engaged in business to help them understand the intersection of ethics, business, and Christianity. Ultimately, Ahner shows us that if business is not ethical, it is not good business.

"Eugene Ahner's principled book is required reading for those searching for the intersection of ethics, business, and Christianity." About the Author Eugene C Ahner teaches philosophy, theology and ethics at Catholic Theological Union and Dominican University in Chicago.
