J. Rosanas : Decision-Making in an Organizational Context: Beyond Economic Criteria before purchasing it in order to gage whether or not it would be worth my time, and all praised Decision-Making in an Organizational Context: Beyond Economic Criteria:

Illustrates how decision-making in organizations has to go beyond economic criteria and the individual level, due to the impossibility of making decisions that do not affect other human beings. The author reviews the conventional analyses of decision-making that do not take into account how decisions affect others and suggests an alternate model.
