figure out strategies. In this book, Ardath Albee offers essential guidance for creating a content strategy, particularly for complex sales cycles. From creating personas to replace campaigns with continuous storytelling, the book is filled with expert advice that every marketer can learn from. Although the title refers to the relevance of content to prospects and customers, the strategies enclosed also help marketing organizations maintain their relevance in a fast-moving, complex sales environment. 0 of 0 people found the following review helpful. I'm still reading it (about half way through), but am so struck by what I've read so far, that I was compelled to write a review. Ardath manages to distill, in a very pragmatic manner, the issues marketers face in effectively connecting with today's buyers. She provides outstanding models for reaching prospect and buyers in impactful ways, aligning with them through their journey of learning, buying, using. Ardath was targeting marketing professionals with the book, but since her real focus is on timely, impactful, relevant communication and conversations with prospects and customers, sales professionals can get a lot of value out of Digital Relevance, as well. Her guidance around clarity of communication, focus on the customer--wording that is about them, for them, assuring the communication is relevant for the person, context, and timing of where they are in their journeys. All critical for sharp sales execution. I'll be back with more, as I progress through the book, but this is thoughtfully written, provokes the reader to think differently about how to engage customers, and provides down to earth advice. Well done, well deserving of 5 stars, a must read for every marketing professional and many sales professionals. 0 of 0 people found the following review helpful. Falk This is the best book I have read on the topic of digital marketing/content marketing and I think every marketer should have this memorized if their goal is to drive revenue. Ms. Albee brilliantly presents the complexities of content marketing in a conversational story format and covers everything from how-to to the ideal team structure - the Marketing Center of Excellence. It was refreshing to feel that she understands the challenges I face as a content marketing strategist. I was very inspired and took away some great ideas for change management. I recommend all of her books as a must-read, and encourage you to attend any events where she is presenting her work.

Pushing out content in the digital world is no longer enough; the content you create must have meaning and relevance for your intended audience. Unfortunately this is not always the case with most companies. With complex sales cycles often extending into years, maintaining long-term relevance requires both strategic planning and dynamic adaptability. Digital Relevance provides the techniques and advice marketers need to match content to context and respond to constantly shifting markets. Author Ardath Albee supplies the necessary tools for looking beyond the outdated campaign approach of one-off, unrelated buyer interactions. She outlines clear-cut strategies for developing customer-oriented communications, identifying the distinct value that differentiates your company, and making the shift from singular communications to a continuum approach. Digital Relevance also provides insights for ensuring that data and metrics are used to relate programs to the achievement of business objectives. Through engaging case studies Albee shows marketers how to create brand stories that can be used over time in order to ensure continued relevance, engagement and progression toward buying. Adapting to a continuum approach, observes Albee, takes a shift in mindset and reinforcement to ensure it becomes a natural part of approaching marketing strategy. Digital Relevance responds by offering practical solutions for organically integrating this important method into your approach. Albee's 'Relevance Maturity Matrix' will help you understand the levels of transition and what it takes to move from one level to the next. The reality of continuous change means that even if you reach mastery today, you'll have to stay on your toes to keep it. That's exactly what Digital Relevance prepares you to do.

"Indispensable! Digital Relevance is the new standard for digital marketers. It's thorough, practical, and hype-free. Highly recommended!" - Jay Baer, New York Times best-selling author of Youtility "Ardath Albee has a unique talent for blowing away the hype and hyperbole that plagues digital marketing. Digital Relevance is an important book because it's a bright, clear call to specific action. It's packed with authority and practical strategies and told with energy and attitude." - Doug Kessler, Creative Director and Co-Founder, Velocity "Ardath has, quite simply, done something extraordinary in this book. She has simultaneously illustrated the context of how a strategy based on creating relevant content provides competitive differentiation, while providing a step-by-step plan for how to get there. This book will, no doubt, be a well-worn companion for marketers." - Robert Rose, Chief Strategy Officer, Content Marketing Institute "With the availability of tons of information on the web, buyers now control relationships with companies they consider doing business with. Ardath shows you how to transform your marketing to appeal to buyers and how that will grow your business." - David Meerman Scott, bestselling author of The New Rules of Marketing and PR "Marketing is no longer thought of as arts and crafts in today's digital landscape. We have to be analytic and results-driven if we want to impact our company's bottom line. While content is the core of any inbound marketing strategy, it can also be the toughest to measure. Albee walks us through how to use content to build relationships with prospects and customers and produce real results valuable lessons for marketers everywhere." - Mike Volpe, Chief Marketing Officer, HubSpot "This book demonstrates how lack of strategy and customer orientation are putting a strain on

marketers and on our ability to produce real business results. In order to achieve a connection with our future customers, we need to create content that delivers value and meaning in a targeted way. And Digital Relevance shows us the way." - Michael Brenner, Head of Strategy, NewsCred
