**Akeela Davis : Divorce Dollars: Get Your Fair Share (Reference Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Divorce Dollars: Get Your Fair Share (Reference Series):

1 of 1 people found the following review helpful. and what the spousal/alimony amounts might look like. This book confirmed that I was on the ...By foblivio Exactly what I was looking for. I was creating my own spreadsheets to figure out if I could afford to keep the house, and what the spousal/alimony amounts might look like. This book confirmed that I was on the right track. It would've been simpler if I had this book on hand right at the start. The content is straightforward and anticipated all my questions. This, and David R. Greig's The Separation Guide, have proved to be invaluable so far. Anyone who wants to get a head start on the financial side of a separation/divorce should consider

getting this book. If you enter negotiations prepared, you'll save a whole lot more than the \$15 price of this book on the financial planner/specialist fees.

At least 40 percent of all new marriages today will end in divorce. The financial consequences of divorce can be traumatic. Many people who get divorced are left with little money, no income, and no credit rating. In some cases, if one partner looked after all the family's finances, the other partner is left unprepared and overwhelmed by the financial consequences of divorce. *Divorce Dollars* is a complete guide to financial planning, demonstrating in a step-by-step manner how to overcome the financial challenges of divorce and lead a financially healthy life. The book addresses everything from dividing the assets to retirement planning. By using examples of real people, Akeela Davis demonstrates how everyone can handle the financial challenges of divorce using careful planning and money smarts.

**About the Author**Akeela Davis is a Certified Financial Planner who specializes in divorce and separation issues. She has written numerous articles on financial planning; she was the host of a cable TV show, "Money Talks".
