Richard Andrews : Don't Buy Your Retirement Home Without Me!: Avoid the Traps and Get the Best Deal When Buying a Home in a Retirement Community before purchasing it in order to gage whether or not it would be worth my time, and all praised Don't Buy Your Retirement Home Without Me!: Avoid the Traps and Get the Best Deal When Buying a Home in a Retirement Community:

1 of 1 people found the following review helpful. Practical advice
By Brian
This is a terrific book. It is very comprehensive and having lived in an Australian retirement village for several years I now know how accurate the book really is. The book design is very practical and you can put your finger on just about every related topic in the contents section so no need to read beginning to the end. This guy knows his stuff!
Digger's Story: Surviving the Japanese POW Camps Was Just the Beginning
0 of 1 people found the following review helpful. Great read for those considering retirement
By Peter
Richard has written an excellent book on a very complex topic. As the title suggests, nobody should consider buying a retirement home without having read this book.
1 of 1 people found the following review helpful. This book is a must have!
By Miss N L R Horner
This book is a must have if you or your parents are buying a home in a retirement village. My parents had retired and were looking at a number of retirement villages to move into near where they live. The process was a nightmare as the village options were difficult for both my parents and me to understand. I found this book on and ordered the Kindle edition. It was an absolute god send for us as the information and advice was exactly what we needed.
The book is very easy to read and the information is both practical and very well informed. It also contains useful tools such as questionnaires to take along when visiting a retirement village, as well as a research comparison checklist and moving house checklist to name a few.
Can't recommend this more highly!

Invaluable advice for making a sensible purchase on a retirement home
Like most retirees, you've worked hard your whole life and now you're looking forward to starting a new chapter of your life in a retirement home community. However, purchasing a retirement home can be a daunting experience and the cost of making a bad decision can impact your entire family. That's where this helpful book comes in. Retirement-savvy author Richard Andrews offers straightforward advice on making wise financial and lifestyle decisions that could change your life for the better. Covering everything from what to expect from your lawyer and accountant to negotiating with retirement home community operators, this guide dives into the basics of purchasing a home in a retirement home village, and adapting to your new lifestyle. Walks you through complicated retirement village contracts and what they mean Offers useful tips for choosing a retirement village that suits your needs Includes suggestions for selling your current home, downsizing your possessions and adjusting to a new life Looks at the perks of living in a retirement village community: great company, security, and homes that are designed for easy living

From the Back Cover
"My parents moved into a retirement village and I had to do all the research on it from scratch. I wish this book had been available then! It is an invaluable guide to a very complex but very important area."
—Alan Kohler, Eureka Report
This is the book that retirement community sales agents DON'T want you to see!
