From what I'm gathering, they change things so often that there's no point in trying to update the book or write a new one. I had assumed this would be the case when I ordered this book, but it's well written and probably gave sellers lots of very useful info when it was published.1 of 1 people found the following review helpful. Good read for becoming an eBay powersellerBy Chris B.This is a great read to maximize selling on eBay. It is packed full of useful tips on listing items.It can be a little tedious at times to read through but overall it was a good tool when I was trying to become a power seller. This book is worth picking up.0 of 0 people found the following review helpful. Look for something newerBy HawkOk but a little out dated now
