Useless, buy the Original for really good information....By MarieSI inadvertently bought this book, thinking that it was an updated version of the book that I wanted to buy, the original Kiss, Bow, or Shake Hands. This book is so useless that I am actually paying to return it, and I assure you, that I NEVER pay to do something like this...More white space than print, only 20 countries, not the ones that I am interested in, and NOTHING NOTHING new! Total waste of money...2 of 2 people found the following review helpful. Good basis, but use common sense as wellBy JauntsDoesn't apply to all situations. To put in perspective, read the chapter on your own country. Then assume it has about the same accuracy for other countries. A significant portion of business negotiations are based on the personality of the other party. Keep that in mind.2 of 2 people found the following review helpful. Slightly outdated - need a newer version!By theOCjeremyIt's a little outdated at this point and doesn't cover some of the countries that are attracting business travel in today's day and age (e.g. Vietnam). I would like another edition that's slightly more updated but otherwise the content that is here is very complete.
