Brian McDermott, Gerry Sexton : Leading Innovation: Creating Workplaces Where People Excel So Organizations Thrive before purchasing it in order to gauge whether or not it would be worth my time, and all praised Leading Innovation: Creating Workplaces Where People Excel So Organizations Thrive:

It's common to see the word "innovation" in mission statements, but it can't be mandated. By learning how to link innovation to real business needs and tapping into the creative forces of an organization's people, leaders and managers can build an environment based on innovation to grow business and thrive in a competitive world. Practical, proven

techniques readers can adopt and benefit from immediately.
