such a satisfied sentiment that I want to hit the LIKE button +1000 times. Petouhoff extends and deepens the body of knowledge around Facebook for Business and highlights the fundamentals and strategies for success. This book is a 'how to' book, and provides much action oriented help. But it relies on the reader understanding Facebook and some of the more simpler concepts. 0 of 0 people found the following review helpful. Like My Stuff: How to Get 750 Million Members to Buy Your Products on Facebook - Great advice, explained cogently. By Jan Ziff Dr. Natalie really gets it. And she gets it so well, she can explain it - and make it work for you. I am amazed at how it's possible to monetize Facebook. But it is. And Dr. Natalie tells you how to do it. So what are you waiting for? Do it already! 0 of 0 people found the following review helpful. Great ideas for advertising on Facebook. By FERNANDA S. Totally recommend this book. Great examples, ideas and insights on how to get started with an online campaign on Facebook.

Facebook is the largest, fastest growing and popular social media site in the world today. With more than half a billion members, it has been a major force in both the cultural and business area for years now, and has now changed everything with f-commerce. In this e-book, Social Media specialist Dr. Natalie Petouhoff explains how this powerful new feature works and provides strategies for businesses to boost their sales, promote their brands, and increase their online presence. Dr. Natalie helps companies understand how social media affects the bottom-line and to create strategies that provide real business value. As a USC Adjunct professor, Natalie takes her real-world experiences as a Forrester Social Media Analyst, an Agency executive and a consulting executive and translates it into practical business advice.
