I highly recommend this book to any economics major students or if you really enjoy reading economics documents/books.0 of 0 people found the following review helpful. Four StarsBy zaheergood book with nice information0 of 0 people found

the following review helpful. Five StarsBy faten Rabbataperfect condition and great book

Now revised and updated to reflect critical changes in economic policy since the last edition, *Macroeconomic Issues Today, Eighth Edition*, provides Conservative, Liberal, and Radical interpretations and solutions for seven current macroeconomic issues, including all-new coverage of the Social Security debate. An instructor's manual with a test bank and discussion questions is available to professors who adopt the text, and PowerPoint downloads are available as teaching aids.
