**T. Scott : Organization Philosophy: Gehlen, Foucault, Deleuze** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Organization Philosophy: Gehlen, Foucault, Deleuze:

An affirmative post-structural philosophy of organisation inspired by Arnold Gehlen's philosophical anthropology, Michel Foucault's history of medicine and Gilles Deleuze's early philosophical works. This book offers a deep and detailed analysis of the problems faced and their solutions.

About the AuthorTIM SCOTT is Senior Lecturer in Organisation at the University of St Andrews. Prior to his PhD in organisational analysis and philosophy he worked in a variety of roles in the construction, fishing and railway industries. He has conducted research in philosophy, anthropology, health, consumer studies and aesthetics. He was Harkness Scholar 2002-3, at the School of Public Health, UC Berkeley, USA.
