Patricia Watkins Murphy, James V. Cunningham : Organizing for Community Controlled Development: Renewing Civil Society before purchasing it in order to gage whether or not it would be worth my time, and all praised Organizing for Community Controlled Development: Renewing Civil Society:

"This book is both important and timely. Written by practitioners who are also academics, the book combines solid

research, observation and practical experience that speak forcefully to the need for both local place-based development and greater citizen involvement. The examples they give of successful local efforts to renew neighborhoods demonstrate that change is possible and that resources are available for such purposes. Patricia W. Murphy and James V. Cunningham have provided a roadmap for rebuilding many of our communities and for strengthening the foundations of our democracy."
