**Stephen Fineman, Yiannis Gabriel, David B P Sims : Organizing Organizations** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Organizing Organizations:

nbsp;Electronic Inspection Copy available for instructors here Organizing and Organizations is well loved by students and lecturers for its accessible, conversational tone and insightful real-life examples introducing the study of organizations and organizational behaviour. Fineman, Gabriel and Sims, eminent academics in the field, cover a wealth of key concepts, research and literature leaving students informed and engaged. The Fourth Edition builds on the strengths of previous editions, to provide you with a textbook that continues to stand out from the rest. This new edition has been fully developed to include: - New chapters on Influence and Power, and Innovation and Change.- A new section within each chapter that highlights the theoretical links informing the chapters. - New review questions to test and apply your understanding of the ideas in each chapter.- New 'reading on' sections that direct you to free links to highly recommended journal articles relating to each chapter's coverage, and found on the companion website. -

New critical review questions at the end of each chapter to encourage debate.- Each chapter is now enlivened with pictorial illustrations. - A fully updated glossary of key concepts in the study of organizations Organizing and Organizations integrates a strong critical approach throughout. Visit the Companion Website at [www.sagepub.co.uk/fineman](http://www.sagepub.co.uk/fineman)

An excellent introductory text .... it provides a concise and well-written coverage of the main concepts in organizational behaviour. The combination of case studies and discussion of theoretical issues is well structured and provides the reader with a good framework for further reading' - Leadership and Organization Development `An excellent introductory text .... it provides a concise and well-written coverage of the main concepts in organizational behaviour. The combination of case studies and discussion of theoretical issues is well structured and provides the reader with a good framework for further readingprime; - Leadership and Organization DevelopmentAbout the AuthorStephen Fineman is Professor of Organizational Behaviour, School of Management, University of Bath CONTRIBUTORSprime; AFFILIATIONS OUTSIDE NORTH AMERICA: Gillian Bendelow University of Warwick Karen P Harlos University of Otago, Dunedin Avraham N Kluger The Hebrew University of Jerusalem Berry Mayall University of London Anat Rafaeli Faculty of Industrial Engineering and Management, Technion, Haifa Varda Wasserman The Hebrew University of JerusalemYiannis Gabriel is Professor of Organizational Theory at Bath University. Yiannis has a degree in Mechanical Engineering from Imperial College London and a PhD in Sociology from the University of California, Berkeley. nbsp;Yiannis is well known for his work into organizational storytelling and narratives, leadership, management learning and the culture and politics of contemporary consumption. He has used stories as a way of studying numerous social and organizational phenomena including leader-follower relations, group dynamics and fantasies, nostalgia, insults and apologies. He has also carried out extensive research on the psychoanalysis of organizations. nbsp;Yiannis is founder and coordinator of the Organizational Storytelling Seminar series, now in its fourteenth year (See <http://www.organizational-storytelling.org.uk/>), the author of nine books and numerous articles. He is elected to the board of EGOS and is currently Senior Editor of Organization Studies. His enduring fascination as a researcher lies in what he describes as the unmanageable qualities of life in and out of organizations.
