Charlotte Bloch : Passion and Paranoia: Emotions and the Culture of Emotion in Academia before purchasing it in order to gauge whether or not it would be worth my time, and all praised *Passion and Paranoia: Emotions and the Culture of Emotion in Academia*:

Analysing emotions and emotion-management in the academic organization, *Passion and Paranoia* shows how

focusing on emotions in organizations can offer insights into important aspects and the dynamics of organizational processes. Drawing on rich interview material, this book demonstrates the often-overlooked importance of emotions in academic life, to reveal the manner in which emotion contributes to social bonds, power-relationships and hierarchies, micro-politics and processes of inclusion and exclusion from an academic career. A significant contribution to the study of emotion and the academy, *Passion and Paranoia* will appeal to sociologists and anthropologists researching work and organizations, emotion, academic culture and social relationships.
