It is too bad that our country's educational system does not REQUIRE high ...By Enjoying LifeIt is too bad that our country's educational system does not REQUIRE high school seniors to take a course that includes material found in this book. I used this book as an elective class in college. I learned a lot about the things I need to decide for myself with not just my finances, but all the things life will force you to decide on how to spend your finances. Things like life insurance, car insurance, home mortgages, renting vs. buying, etc...This is the kind of book you should buy if you are a young adult struggling to make sense with the many options in life.7 of 7 people found the following review helpful. Good book but a bit pricyBy LJH MesaThis book is

required for my personal finance class so that's why I purchased it, but in reading it and going through some of the problems it has a ton of useful information and would recommend it to anyone that wants to be successful with their finances. 14 of 16 people found the following review helpful. Does NOT come with promised access code
By Cori Herrero
If you are buying this for a college class that requires you to use Connect, then you'll want to know that this book does not come with that code, though the description may make you think otherwise. Save yourself some money and just go straight to Connect and buy the 6-month access, you're going to need to anyway, and you'll save a lot more money because Connect comes with the eBook for this textbook and offers it in a printable format. If you're like me and you have to have a physical copy of the book, save yourself the hassle of wasting money and agonizing over whether the book will arrive by the start of the semester and just buy yourself a binder to keep your printed copy in.

NOTE: ACCESS CODE IS NOT INCLUDED

About the Author
Professor of business at Dallas County Community Colleges, believes that these two words can literally change people's lives. Whether you want to be rich or just manage the money you have, the ability to analyze financial decisions and gather financial information are skills that can always be improved. In addition to writing several textbooks, Dr. Hughes has taught personal finance, introduction to business, business math, small business management, small business finance, and accounting since 1972. He also served as a content consultant for two popular national television series, *It's Strictly Business* and *Dollars Sense: Personal Finance for the 21st Century*, and is the lead author for a business math project utilizing computer-assisted instruction funded by the ALEKS Corporation. He received his BBA from Southern Nazarene University and his MBA and EdD from the University of North Texas. His hobbies include writing, investing, collecting French antiques, art, and travel.
Les Dlabay teaches in the Department of Economics and Business at Lake Forest College, Lake Forest, Illinois. Over the past 25 years, he has taught more than 30 different courses in high school, community college, university, adult education, and teacher preparation programs. Dr. Dlabay has developed a wide variety of textbook materials, student activity guides, instructor manuals, testing programs, audio-visual materials, and software packages in the areas of Personal Finance, Consumer Economics, and International Business. Dr. Dlabay has served as a consultant to corporations, educational institutions, and government agencies. He has presented more than 140 workshops and seminars in over 20 states to encourage teachers to actively involve students in the learning process with video presentations, newsletters, interviews, and Internet research activities.
Dr. Jack Kapoor is a Professor of Business and Economics in the Business and Services Division. Dr. Kapoor has taught Business and Economics at College of DuPage since 1969. He received his B.A. and M.S. from San Francisco State College and his Ed.D. from Northern Illinois University. Professor Kapoor was recently awarded the Business and Services Division's Outstanding Professor Award for 1999-2000. Dr. Kapoor is known internationally as a co-author of several textbooks including *Business: A Practical Approach* (Rand McNally), *Business* (Houghton Mifflin), and *Focus on Personal Finance* (Richard D. Irwin/McGraw-Hill).
