**Sotirios Paroutis, Loizos Heracleous, Duncan Angwin : Practicing Strategy: Text and cases** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Practicing Strategy: Text and cases:

Lecturers/Instructors - Request a free digital inspection copy [HERE](#) Shortlisted for the 2013 Chartered Management Institute textbook award, Practicing Strategy broke new ground when it first published by focusing on the strategy-as-practice approach, which considers strategy not only as something an organisation has but something which its members do. The new edition deals with a selection of topics that have been central in recent academic debates in the strategy-as-practice area and includes 7 New chapters on topics such as Chief Executive Officers, Middle Managers, Strategic Alignment and Strategic Ambidexterity in line with developments in the field. New case studies throughout including Narayana health, the turnaround of Reliant group and relocating a business school. Tutor and student access to online resources include additional readings, an Instructor's Manual, PowerPoint slides, author podcasts and videos. Aimed at undergraduate and postgraduate students taking advanced strategy

modules and practitioners alike.

This is a first: an academically rigorous textbook on the practicalities of strategizing. It will be a vital resource to all teachers and students interested in Strategy-as-Practice. --Richard Wittington, Professor of Strategy and Millmann Fellow  
The book provides a step-by-step introduction to Strategy-as-Practice, a discussion of its main components and several exciting case studies. I am sure that both students and teachers will find the book of great value. --Professor David Seidl, Chair of Organization and Management  
This is an outstanding strategy text that takes strategists and their work seriously. Students, practitioners and scholars who seek to understand the micro-levels of strategy including practitioners, practices and praxis will find this invaluable reading. --Patrick Regner, Professor of Strategic Management
