amount of inherited money to an "investment advisor". I became a financial planner as a result. I wanted to teach others the importance of educating ourselves about money and how to invest and use it wisely. I have recommended this book to many of my financial planning clients friends who found it just as insightful and empowering as I did.3 of 3 people found the following review helpful. Straightforward, funny and oh so practical!By Kaite McGrewI love this book! Straightforward, funny and oh so practical. The book takes you through a simple process of getting a handle on your financial life, and has easy to follow action steps to help you get clear and get momentum. This book is a life saver if you've ever been overwhelmed by your personal finances - it's a very kind book, full of anecdotes and humor and gentle but straightforward nudging to get you in motion, and foster your financial empowerment. Highly recommend if this is an area where you get stuck!1 of 1 people found the following review helpful. Definitely a motivating book!!!By michelle williamsI think this was a wonderfully motivating book! Being a divorced mother of a daughter, I needed to be able to take care of her and help to send her to college. The best part is as I was taking to her about this book it actually motivated my 13 to start investing now for her future! Great Read!!

Now updated: the classic guide that teaches women how to take control of their own finances When this groundbreaking yet compassionate book was first published ten years ago, it lifted a veil on women's resistance to managing their money, revealing that many were still waiting for a prince to rescue them financially. In this revised edition, which reflects our present-day economic world, Barbara Stanny inspires readers to take charge of their money and their lives. Filled with real-life success stories and practical advice - from tips on identifying the factors that keep women fearful and dependent to checklists and steps for overcoming them - this book is the next best thing to having one's own financial coach.

A heart-to-heart talk about the psychological and financial tools women need to take control of their economic destiny. (The Seattle Times)About the AuthorBarbara Stanny is a journalist, former syndicated columnist, career counselor, and co-author of two books, including *How to Be Happily Employed*. She holds a master's degree in counseling psychology and lives in Washington state.
