Ibrahim B Ibrahim : Readings in Managerial Economics: Pergamon International Library of Science, Technology, Engineering and Social Studies before purchasing it in order to gage whether or not it would be worth my time, and all praised Readings in Managerial Economics: Pergamon International Library of Science, Technology,

Engineering and Social Studies:

Readings in Managerial Economics is a five-part book that deals with the major subject areas of decision making; forecasting and demand analysis; production and cost; pricing and market structure; and capital budgeting and profit. This book combines a number of diverse articles, selected from recent issues of over fifty leading professional publication. Some of the articles deal principally with theory, some with applications, and some with both. This book will be useful for students and executives interested in this subject matter.
