From Wiley : The Essentials of Teamworking: International Perspectives before purchasing it in order to gage whether or not it would be worth my time, and all praised The Essentials of Teamworking: International Perspectives:

The team, rather than the individual, is increasingly seen as the building block of organizations and a key source of competitive advantage. Despite this, not enough is understood about how to build successful teams in modern organizations. The Essentials of Teamworking broadens this understanding by offering a selection of key chapters on teamwork from the International Handbook of Organizational Teamwork and Cooperative Working. This concise paperback edition reveals the complexity of teamwork and offers empirically based guidance on how teamwork can be

effectively developed in modern organizations. Bringing together leading international scholars, *The Essentials of Teamworking* offers challenging perspectives on teamwork that will inform future research and practice. It is an invaluable resource for professionals, researchers and students alike.
