**Simon Maier : The Evil Executive: Encounters with malicious and abusive behaviour in the workplace** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Evil Executive: Encounters with malicious and abusive behaviour in the workplace:

Bullying is common in all walks of life ndash; not least at work. Itrsq; nasty and the results are long-lasting. But sometimes therersq; something more than bullying, where executives in organizations are malicious, violent and abusive. These people make their co-workersrsq; and subordinatesrsq; lives an utter misery, and they can bring organizations down through their machinations. This is not bullying, this is evil. This book offers shocking examples from organizations around the world of the toxic nature of evil executives and the damage they do. It gives advice on how to recognize these predators, manipulators, sadists and frauds, how to manage in their presence, and how to reduce their crippling effect on you or anyone who might be a target.

About the Author Simon Maier is a communications expert and has worked with corporations around the world. He is the author of *The 100*, *Inspire*, *The Diary*, *In Any Event* and *Speak Like A President*.
