An Intrepid Trail GuideBy Toni PetrinovichBirgitt has gifted us with an intimate view of her personal life journey while using her versatile combination of psychology, Open Space Technology, the Medicine Wheel, religious beliefs, wife, mother, biology, quantum physics, history and philosophy to create an absolutely workable model for the individual and the organization. While your mind might reel at the thought that what would work for one person also contributes similar attributes to the culture of the business world

(large and small), you are in for a very gratifying surprise. Join Birgitt on her infinitely unfolding journey as she not only walks her talk, she walks the unknown, fiery furnace of her own inner edge. Oh, and gear up! She is an intrepid trail guide. 0 of 0 people found the following review helpful. A Great Book - but not for everyone. By S. Quarrington If you are looking for some quick tips or easy fixes this is not the book for you. If you believe that leadership is something you do at work rather than something that expresses who you are then again - not the right book. The Genuine Contact Way is a holistic and in depth look at the foundations of leadership and at the very foundations of how we connect with each other. Birgitt will challenge you, inspire you, and expand your concept of what is possible. If you see Leadership as a journey and a way that you can contribute to making this world a better place then yes - you have the right book! 0 of 0 people found the following review helpful. A wonderful piece filled with insights By Customer Leadership starts in your self. In a way easy to understand and to speak out but not so easy to really live that kind of leadership. This book gives you a lot of questions and insights to reflect upon. Your reflections will get you into another way of thinking leadership. Leadership needs to be nourished to evolve during a lifetime. The author will guide you to a deeper level of your leadership. It will cost you energy and time but will benefit you with an immersed insight into your own leadership. Enjoy your learning journey!

Birgitt maintains that there is leadership capacity within everyone and that it is time for people to awaken their leadership potential. According to the author, personal and professional leadership development cannot be separated. This book offers the reader the opportunity to take a deep dive into the subject of personal and professional leadership development. Readers are challenged to claim leadership of their lives and their businesses and organizations for the greater well-being of all, including our children and grandchildren. Readers are offered the opportunity to read a segment, reflect, discuss, and determine what makes sense for them in their personal and professional leadership, as individuals and as teams.
