India has become one of the hottest business stories in the news. Covering the fast-growing economy, the twists and turns of domestic politics, labor in the large informal sector, the cultural roots of Hindu nationalism, the foreign relations roller coaster, the business of Bollywood, and a special chapter covering the range of new resources about India available on the web, this unique book highlights and illuminates India's vastly changing fortunes.

"The value of these fresh assessments of developments in the Indian economy, society, politics, and culture will be high priority reading for the widest audience in history....It is rigorously written and compelling reading." - Ralph W. Nicholas, President, American Institute of Indian Studies"
