Susan A. Wheelan : The Handbook of Group Research and Practice before purchasing it in order to gage whether or not it would be worth my time, and all praised The Handbook of Group Research and Practice:

The Handbook of Group Research and Practice is a unique interdisciplinary resource that integrates what is known about group research and practice across the disciplines and professions. The chapters have been written by world-renowned researchers and practitioners who work with teams and groups in a variety of settings. As a result, this Handbook provides students, academics, and practitioners with the most comprehensive understanding about the latest findings and issues in group research and practice.

"This comprehensive work may appeal to students and faculty in both the social sciences and business, making it a valuable supplementary reading resource for a wide variety of courses."--J. K. Downey (07/12/2006)"This comprehensive work may appeal to students and faculty in both the social sciences and business, making it a valuable supplementary reading resource for a wide variety of courses."--J. K. Downey (07/12/2006)-This comprehensive work may appeal to students and faculty in both the social sciences and business, making it a valuable supplementary reading resource for a wide variety of courses.---J.
