**From Palgrave Macmillan :** **The Hidden Dynamics of Path Dependence: Institutions and Organizations** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Hidden Dynamics of Path Dependence: Institutions and Organizations:

The theory of path dependence continues to attract great interest in a range of disciplines. An increasing number of scholars have started to explicitly use this theory for studying organizational inertia and institutional rigidities. This volume presents a collection of papers from various international conferences that address these issues.
